## **Adding Security**

As our current mobile banking users may have noticed, we have added 2-factor authentication to our online banking platform. This is an extra layer of security for our members and should be an easy process. However, if you are having trouble accessing it, come in or give us a call at (989) 463-8321 and our member service representatives will be happy to help! Thank you for your understanding and patience!
